

December Delights!

2017 Winter - Spring Calendar
Core Health, Energy Essentials Life Application
Series

Facilitated by Philip Orth, MA
Advanced Core Health / Heart Forgiveness Facilitator

A current participant in our Core Health series now going on told me this week:

"What took years to accomplish in therapy, and never quite got me there, has only taken a few weeks in Core Health!"

I've had so many people tell me over the years, "Don't EVER stop giving these series!" A psychologist in private practice told me, "This is the BEST workshop I've ever done!" So many others have said things like, "This has given me a new lease on life." "This has SAVED my life!" "I don't feel afraid of GOD anymore!" "Now I can actually feel love in my heart again." And on and on and on. Why? Because these dynamic processes work at a DEEP level, down inside at subconscious levels where the major issues of life are held in our energy field. And they get RELEASED! People feel FREE and at PEACE within for the first time in decades!

Heart Forgiveness and Core Health get consistent, repeated RESULTS! RESULTS that LAST, according to the many, many testimonies we keep getting. Go to Core Health by Energy Essentials | Dr. Ed Carlson for testimonials and lots of other information about this incredible "secret". Now it's being made available to YOU too! Please register asap so you can save your seat in one of our series, or schedule private appointments if you prefer individual sessions.

This could be the BEST Christmas Gift you've ever given yourself and your loved ones!
